## Product Description

Mr. GEAR BOX ATF 8HP - 9HP is a top-tier automatic transmission fluid designed for extended use. Utilizing advanced synthetic technology, it delivers exceptional performance to meet the rigorous demands of ZF 9HP automatic gearboxes. The formulation includes high-viscosity index synthetic PAO base oils and the latest additive technology, ensuring superior oxidation stability and consistent friction properties for a range of 9-speed automatic transmission applications. With its synthetic base, it offers enhanced thermal stability and corrosion protection, ensuring smooth and reliable transmission operation year-round. It provides a high level of protection for bearings and gears. Mr. GEAR BOX ATF 9HP Long Life reduces overall energy consumption of the drivetrain, while enhancing driving performance and comfort. This fluid supports a cost-effective, well-developed transmission system for the latest 9HP-Series 9-speed automatic transmissions in high-performance vehicles. However, it is not suitable for use in DCT/DSG (Dual Clutch) or CVT (Continuously Variable Transmissions).

## Applications / Benefits

- Exceptional thermal and oxidation resistance
- Outstanding protection against wear, rust, and corrosion
- Significantly improved fluidity even at extremely low operating temperatures
- Exceptional viscosity stability during operation
